LEGAL REFERENCE AND AUTHORITY

California State University Executive Order 760 establishes minimum standards for the use of Procurement Credit Cards. EO 760 delegates authority for Procurement Credit Cards to each campus President. For California State University San Bernardino, delegation for the purchase of goods and services is delegated from the President to Procurement & Contracts.

Procurement & Contracts delegates a limited authority for the purchase of goods and travel expenses via the Procurement Credit Card, known as the Corporate Card program, to Cardholders, as outlined in this document. The CSU System uses the US Bank visa card for the Procurement Credit Card program.

PROGRAM SUMMARY

The **CSUSB Corporate Card (C-Card)** offers an efficient, cost-effective procurement solution for purchases across multiple business units (State, UEC, PHIL, Travel, and Fuel for campus fleet vehicles). It supports low-value, low-risk purchases where contracts or insurance certificates aren't required, subject to certain restrictions. The card is intended for official business only and cannot be used for personal purchases or services performed on campus.

Key Guidelines:

- Transactions must not exceed the cardholder's credit limit.
- Cardholders are expected to follow the restricted and prohibited matrix contained in this procedure.
- The card cannot replace open purchase orders for annual expenditures.
- When returning items, always request a Return Materials Authorization (RMA) and ensure a full credit is applied to the card.
- Gifts received with purchases must be reported according to California regulations.

The Corporate Card is a university liability card, with no effect on the cardholder's personal credit. It's a discretionary tool, monitored for compliance through regular audits, and can be suspended or revoked if misused.

PROGRAM ADMINISTRATION, ROLES AND RESPONSIBILITIES

Fiduciary Responsibility

The Corporate Card signifies an official delegation of purchasing authority, carrying important fiduciary responsibilities for both Cardholders and Approving Officials. It is their duty to ensure compliance with all university policies and procedures. By signing the Corporate Card reconciliation, whether or not someone else completes the reconciliation process on behalf of the cardholder, the Cardholder and Approving Official are personally attesting to the accuracy and adherence to these regulations.

Procurement and Contracts Department Responsibilities

The Chief Procurement Officer designates the Corporate Card Specialist (CCS), who:

- Administers the program; maintains Corporate Card Handbook.
- Provides training to program participants.
- Manages non-travel reconciliation, via the Concur portal.
- Approves applications, issues, suspends, cancels, and revokes cards.
- Monitors monthly transactions for program compliance and issues violation notifications.

Accounts Payable/Travel Department Responsibilities

- Manages travel expenditure reconciliation, via the Concur portal.
- Conducts annual audits.
- Issues payments to US Bank.

Approving Official Responsibilities

- Shall be a Department Administrator (MPP) level or above.
- Responsible for ensuring purchases are compliant with CSUSB Policies.
- Has reviewed, understands and enforces Corporate Card rules.
- Complete Approver Certification Training.
- Document any suspected violations and report them to the Corporate Card Specialist.

Cardholder Responsibilities

- Complete required orientation training prior to requesting Corporate Card.
- Complete the Human Resources training for Conflict of Interest. Recertification is required through Human Resources each year thereafter. For more information, please see the Conflict-of-Interest section later in this handbook.
- Complete required renewal training every two (2) years through the life of the Corporate Card program.
- Responsible for all transactions, including statement reconciliation, and shall treat their Corporate Card with the same level of care and security as they would their own personal credit card.
- Cardholders shall not transfer, assign, or allow any other person to use their Corporate Card.
- Cardholders shall follow the prohibited/restricted matrix in this handbook. Cardholders may use the Corporate Card for restricted items only with express permission of the Corporate Card Specialist.
- Must never split transactions to avoid credit card limits and protections.
- Cardholders must comply with the Procurement policy requirements for competitive bidding and the issuance of Purchase Orders.
- Cardholders shall ensure that sufficient funding is available prior to making a purchase. Credit balances can be obtained by US Bank Card Member Services by calling the number on the back of the card.
- The Cardholder is responsible for misuse of the card, fraud, multiple lost receipts, split purchases, or other infractions.
- If the Corporate Card is suspended at any time, Cardholder may be required to repeat training.

Corporate Card User Agreement

All Cardholders must agree to and sign a “Corporate Card User Agreement” to demonstrate that they understand and agree with the requirements of the Corporate Card program. This is required when:

- Requesting a new Corporate Card
- Replacing an existing Corporate Card

All new card requests and requests for changes will be reviewed and issued based on appropriate need.

CONFLICT OF INTEREST

California Form 700 Requirements

All cardholders must have California Form 700 on file in Human Resources. Cardholders can obtain further information on the Human Resources website located here:

<https://www.csusb.edu/human-resources/current-employees/employee-relations/conflict-interest>

The Political Reform Act, Government Code Sections 81000, et seq., requires California State University (CSU), as a State Agency, to adopt and promulgate Conflict of Interest (COI) codes. The CSU’s COI Code requires employees in designated positions (Corporate Card Holders), including those identified under the interim disclosure process, to file a Statement of Economic Interests (Form 700) on an annual basis. The purpose of conflict-of-interest laws is to prohibit public employees from personally benefitting at the expense of the public interest. Employees who fail to file a Form 700, or who fail to disclose material interests may be subject to a personal penalty. Penalties include disciplinary action against the employee, as well as potential civil and criminal penalties.

Additionally, all employees in designated positions, including those that fall under the interim disclosure requirement and select principal investigators and consultants, are required to complete ethics training. A systemwide training titled “Avoiding Conflicts of Interest” is available through the CSU’s learning management system (LMS) and is delivered in an interactive format. This training must be completed within three months of appointment to a designated position, and at least once during each consecutive period of two calendar years following the appointment in a designated position. Completion time is approximately 25 minutes, with quizzes embedded throughout the content.

If you have any issues accessing the training, please email or call Human Resources:

hr-requiredemployeetraining@csusb.edu

Human Resources: 909-537-3125

Once training has been completed, proof of completion and a copy of the form 700 will be required in order to apply for a Corporate Card. Upload this information in Concur during the application phase.

CONTROLS

The following controls are in place for the Corporate Card Program:

Credit Limits

All new requests for cards will be established at an initial approved tier outlined in the “Credit Limits” section in this guide. There is a per transaction limit and a monthly limit per monthly billing cycle.

Merchant Category Code Restrictions

Merchant Category Codes (MCC) are four-digit numbers assigned by credit card companies to classify the type of goods or services a business offers. For instance, MCCs exist for categories like restaurants, gas stations, and retail stores. To protect Corporate Card accounts from misuse and fraud, the University can block specific MCCs linked to high-risk industries or non-business-related purchases, such as gambling or spas. This ensures that Corporate Cards are only used for authorized expenses.

For example, if a cardholder doesn't select "Travel" as an option when applying for the Corporate Card, MCCs related to travel services (e.g., rental cars, hotels, airfare) will be automatically blocked.

Purchase Monitoring

The Procurement Department actively monitors various spending activities, examining purchases to understand spending trends. This practice aids in the understanding of purchases made, how the purchase is allocated and the card usage. This enables more effective financial management by identifying patterns that may require adjustments.

The Physical Card

Corporate Cards have customized graphics to distinguish it from personal credit cards. Each card has additional internal controls:

- Cards are embossed with the employee’s name.
- The named cardholder is solely responsible for the security and possession of the card.
- The card must not be used by anyone other than the employee to whom it is issued.
- Card must remain in a secure, locked location and only accessible to cardholder.

Audits, Controls and Violations

Violation of Policies and Procedures may be reported for further investigation.

The Corporate Card Specialist conducts regular audits of cardholder reconciliations, reviewing the following:

- Proper itemized receipts are attached.
- Reconciliation is completed accurately and submitted on time.
- Expenses are correctly approved.
- Corporate Card use is reasonable and appropriate.
- There are no split transactions to bypass procurement rules.
- Purchases are made in accordance with policy guidelines.

REQUIRED TRAINING

Cardholders and approving officials are required to complete training for the Corporate Card program. This training is essential to ensure that all individuals understand the policies, procedures, and proper use of the cards. Renewal training must be completed every two years for cardholders to remain in the program.

To enroll in training, please follow this link:

https://csu.sumtotal.host/rcore/c/dash/home/Home_San_Bernardino?relyingParty=ELIXHRUI&nodeKey=dashboard_227_Home_San_Bernardino&nodeUrl=%2Fdash%2Fhome%2FHome_San_Bernardino

Enrollment Training

Enrollment (orientation) training provides cardholders with an overview of the Corporate Card handbook, outlining allowable, restricted, and prohibited purchases. It also includes a brief demonstration of the Concur application, highlighting key steps in the reconciliation process.

Reconciliation Training

Reconciliation Training provides cardholders with comprehensive guidance on how to accurately reconcile their corporate card transactions using the Concur application, ensuring proper documentation and compliance with university procedures.

ALIGNMENT WITH OTHER CAMPUS POLICIES

When using a Corporate Card, it is essential to ensure that all transactions comply with both this handbook and other institutional policies. For example, cardholders must adhere to:

- The Hospitality Policy when organizing hospitality events.
- The Travel Policy for any university-related travel.
- Environmental Health and Safety protocols when purchasing chemicals or hazardous materials.
- The Procurement Policies for contractual arrangements and purchase order requirements.

Beyond these specific examples, Corporate Card usage must align with all relevant campus policies, including those related to procurement, conflict of interest, sustainability goals, and ethical standards. By following these guidelines, cardholders support responsible spending and reinforce the university's commitment to compliance and integrity.

Delivery Requirements

All purchases made using university-issued Corporate Cards must be delivered to the San Bernardino or Palm Desert campus directly. Deliveries to cardholders' homes are strictly prohibited for the following reasons:

- **Risk of Theft:** Deliveries to personal residences increase the likelihood of theft, especially if items are left unattended on porches or in unsecured areas.

- **Tax Implications:** Delivering items to locations outside of our designated campus addresses can result in differing sales tax charges based on the delivery location's jurisdiction, leading to inaccurate tax reporting and additional costs for the department.
- **Compliance with Procurement Policies:** Home deliveries may bypass established procurement procedures, making it harder to ensure that purchases align with university contracts, pricing agreements, and vendor partnerships.
- **Fraud Prevention:** Delivering items to cardholders' homes increases the risk of fraudulent or unauthorized purchases, making it more difficult to validate legitimate business use.
- **Audit and Reconciliation Challenges:** Home deliveries may complicate the reconciliation of purchases, as the documentation trail may not match standard campus receiving processes. This can cause issues during audits or in verifying that the items were received and used for university purposes.
- **Liability Concerns:** If items are lost, damaged, or stolen from a cardholder's home, it may be unclear whether the university or the cardholder is liable for replacement costs, complicating reimbursement procedures.

To maintain consistency, security, and compliance with tax regulations and internal procurement policies, all deliveries must be sent to the appropriate campus locations.

Business Travel

Any cardholder issued a Corporate Card may use the card to pay for all out-of-pocket expenses related to official university business travel, including lodging and subsistence, except where the card is not accepted. When enrolling, ensure that you select "Travel" as an option so that the proper Merchant Category Codes (MCC Codes) are made available for travel expenses.

- **Airfare and Car Rental**

Book all airfare and rental cars through Concur prior to your trip. When booking via Concur, the expenses are charged directly to the university, eliminating any concerns about exceeding your Corporate Card limit. Only use the Corporate Card for airfare or car rentals in case of emergencies during travel.

For example, if a flight is canceled or severe weather causes delays, you may use your Corporate Card to secure alternative arrangements. Upon your return, ensure these emergency expenses are properly documented in your Concur Travel Reconciliation. For assistance, contact the Travel Department.

- **Travel Cash Advances**

Because Corporate Card cardholders have access to use their cards for out-of-pocket expenses, they are no longer eligible for Travel Cash Advances. Specific exceptions are being made for the Athletics Department for student meals on a temporary basis.

All Corporate Card travel usage shall be consistent with CSUSB Travel Procedures. Please see CSUSB Travel Procedures on the Travel website. <https://www.csusb.edu/travel>

PROGRAM VIOLATIONS AND NON-COMPLIANCE

Corporate Card rules are essential for ensuring financial accountability, compliance with institutional policies, and responsible spending. They help prevent misuse and fraud, aligning expenditures with the university's mission and goals. Non-compliance can lead to significant risks, including financial loss and damage to the institution's reputation. Therefore, clear ramifications are necessary to promote adherence and accountability among all employees.

Prohibited Purchases

Prohibited purchases, as detailed in the matrix within this handbook, are not allowed when using the Corporate Card. However, many of these items can still be acquired through a requisition via Procurement by following the appropriate protocols. For assistance, please consult the Procurement department.

Restricted Purchases

The matrix in this handbook outlines specific allowances based on department or circumstance, indicating what may be permissible when the guidelines are followed. If you have any questions about a purchase, please reach out to the Corporate Card Specialist for clarification.

Personal Charges

The Corporate Card is strictly prohibited for personal use. Employees must remember that personal charges on the Corporate Card are not allowed, as this publication upholds financial regulations and university guidelines while emphasizing the importance of separating personal and corporate finances.

If a cardholder accidentally uses the Corporate Card for a personal purchase, they must reimburse the university within 10 business days. Payment should be made to the university and submitted to Student Financial Services. Additionally, the cardholder must attach the receipt from Student Financial Services to their Corporate Card Reconciliation Report, along with a brief explanation of the incident. Repeated personal purchases may result in revocation of the card due to misuse.

Personal Benefit

Receiving personal compensation, including gratuities, commissions, personal profits, rebates payable to the cardholder, gifts, or any other form of personal remuneration for placing university orders with vendors or contractors, is considered a conflict of interest and is strictly prohibited. Violations may result in suspension of the Corporate Card and potential disciplinary actions in accordance with Human Resources policies. Additionally, the cardholder may be required to personally reimburse the university for any inappropriate gains.

For further guidance on conflict-of-interest policies, you can refer to the California State University Conflict of Interest Policy or the CSUSB Human Resources policies.

Corporate Card Misuse

Should a review of the Cardholder's reconciliation reveal any inappropriate purchases, personal charges, or split transactions, these will be deemed non-compliance with this handbook and may lead to actions to revoke card privileges.

These measures will include notifying the Cardholder, Approving Official, Chief Procurement Officer, and the relevant Vice President or Provost:

- **1st Violation:** A written explanation of the violation, guidance on proper procedures, and a possible thirty (30) day suspension of card privileges.
- **2nd Violation:** A written explanation of the violation, reinforcement of proper procedures, and a sixty (60) day suspension of card privileges.
- **3rd Violation:** Notification of the violation, and ninety (90) day suspension of card privileges and possible permanent revocation of Corporate Card privileges.

These steps are designed to ensure adherence to the handbook and maintain accountability among cardholders.

Unsubmitted or Late Reconciliations

Unsubmitted/Late reconciliation will result in a notification to Cardholder and Approving Official and the following consequences to the cardholder's account:

- **1st late submission:** Automatic suspension, pending submittal of reconciliation.
- **2nd late submission:** Automatic suspension for thirty (30) days. Reconciliation is required to be completed regardless of the suspension period.
- **3rd late submission:** Automatic sixty (60) day suspension of card privileges and possible permanent revocation of Corporate Card privileges.

If a cardholder has consistent violations and/or the approving official does not approve by monthly due date, Corporate Card Specialist may recommend replacement of approver.

Tax Implications for Unreconciled Corporate Card Charges

The university may report unreconciled corporate card charges as taxable income to the employee if they are not reconciled within the required timeframe:

- Non-Travel Charges (Supply Purchases) – Reconcile by the 27th of each month.
- Travel Charges – Reconcile by the 27th of the month following the completion of the trip.

According to IRS regulations, if these charges are not properly accounted for as business expenses within this timeframe, they may be considered a financial benefit to the employee. Any unreconciled amounts not cleared within 60 days of incurring the charge, or 60 days from returning from travel, may be treated as personal income and reported on the employee's W-2 form, as required by law.

Excessive Program Violations

If there are repeated violations by the Cardholder, the Corporate Card will be immediately revoked, and both the Cardholder and Approving Official will receive formal notification.

Splitting of Purchases

Splitting purchases to bypass credit limits occurs when a large expense is divided into smaller transactions to avoid exceeding the card's limit. This practice is an intentional violation of Corporate Card policy, as it allows individuals to make significant purchases without triggering over-limit warnings, risking declined transactions.

If a Cardholder repeatedly engages in such activity or splits purchases to circumvent the policy, the Corporate Card will be immediately revoked, and both the Cardholder and the Approving Official will be formally notified.

Cardholders may submit a written appeal to the Chief Procurement Officer within ten business days of notification.

PROCEDURES

Eligibility

Corporate Cards are issued to employees who frequently make purchases or travel on behalf of the university. The Department Administrator (MPP) is responsible for approving card applications for employees under their supervision.

To be eligible for a Corporate Card, the requestor must be:

- Be a faculty or staff member of the CSUSB or the auxiliaries

Temporary staff (appointment less than six months), temporary employees from an outside temporary staffing agency, retired faculty or staff, volunteers, students and student assistants are not eligible for the Corporate Card.

New Applicants

Prior to the new filing application for the Corporate Card, the individual must:

- Complete Conflict of Interest Training with Human Resources and complete Form 700
- Complete the required Corporate Card Enrollment training.
- Review Corporate Card Handbook.

Requests for new cards require the submission of the Corporate Card Application via the Concur portal.

Upon submission and completion of the prerequisites, the Corporate Card Specialist will review the application and order the card from the bank. Card delivery generally takes between 12 to 14 business days.

Once the new card arrives, the Corporate Card Specialist will notify the cardholder that the card is available for pick up. The new cardholder will sign the cardholder user agreement.

Upon receipt of new Corporate Card, cardholder will:

- Activate the Corporate Card by calling the bank at the number listed on the card.
- Sign the Corporate Card.
- Attend mandatory reconciliation training within the same month of receiving the new card.

For guidance on applying for a new card in Concur, you may visit the Travel website for the CSUSB Corporate Card Application Tutorial located here: <https://www.csusb.edu/travel/concur>

RECONCILIATION OF EXPENSES ON THE CORPORATE CARD

Reconciliation

Cardholders are required to verify all purchases according to the Reconciliation Schedule outlined below. Transactions can be reconciled as follows depending on what is most convenient for the cardholder:

- As charges appear on the cardholder's Concur dashboard.
- Periodically throughout the month, such as once or twice per week.
- All at once at the end of the month.

Note: While you may reconcile each charge as it appears, please submit only one expense report each month for travel and one expense report for non-travel.

The methods outlined above require that the reconciliation is completed before the due date.

Justification

All purchases must include sufficient justification and adhere to campus policies, such as the Hospitality Policy, which requires proper supporting documentation as outlined. If a purchase lacks adequate justification, the Corporate Card Specialist may return the reconciliation for clarification or hold it for further review.

- **Provide Detailed Justifications:** When entering expenses in the comments section, offer thorough explanations instead of vague terms. For example, instead of writing "haircut and color," specify, "*haircut and color for individual appearing in a campus performing arts production of...*" Similarly, instead of "travel expenses," clarify with "*airfare for attending the annual academic conference to present research findings for Dr. Jones.*"
- **Enhance Transparency:** Clear and specific justifications improve transparency and understanding, making it less likely for expenses to be questioned or returned for clarification.

Reconciliation Schedule

The billing cycle closes, and the line of credit resets on the 17th of each month. Reconciliation in Concur is due by the 27th of each month.

Out of Office During Reconciliation Period

- **Cardholder:** If a cardholder will be off-campus due to vacation, attendance at a conference, or another event, it is the Cardholder's responsibility to meet all submission deadlines. Prepare for this occurrence in advance with your Approving Official or delegate. If additional assistance is required, contact the Corporate Card Specialist.
- **Approving Official:** If the Approving Official is unable to approve the statement for submission during the reconciliation schedule, and there is no other approved Delegation of Authority in your department, please contact the Corporate Card Specialist for assistance.

Cardholders are accountable for failure to allow adequate lead-time for approvals on monthly statements, required supporting documents, or forms.

Concur Dashboard

Since Concur is an online system, reconciliation and the associated workflow approval is completed entirely online and can be performed with computer access from any computer or mobile device.

Cardholders must review Corporate Card expenses in the Concur dashboard, verify them, and submit expense reports to the Approving Official. If there is no card activity during the billing cycle, no charges will appear in the Concur dashboard for reconciliation.

A valid receipt is required for each transaction (see section in this handbook for receipt requirements). Cardholders are responsible for any charges incurred on their card.

Travel Reconciliation Protocol

Complete a travel “Request” in Concur and obtain a Concur Travel Request ID number. Once your travel has been approved in Concur, you may book lodging and pay for conference fees.

- **Airline and Rental Car Booking:** Book your airline and rental car directly in Concur prior to your trip. These bookings are direct-billed to the university, not charged to your Corporate Card, which preserves your card's line of credit for other out-of-pocket expenses. Only use your Corporate Card for airline or rental car bookings if you are mid-travel and encounter an emergency.
- **Reconciling Travel Expenses:** Travelers who charge travel expenses to their Corporate Card should wait until the trip is completed before submitting a separate expense report exclusively for their travel-related costs. It is understood that you may have card charges for travel that may be held over to the next reconciliation cycle.
- **Conference Registration Fees:**
 - Conference registration fees should be categorized and reconciled as a “**non-travel**” item. Reconciliation should be completed by the 27th of the month following the payment, regardless of the conference date.
 - Conference registrations may be made by a delegate (an individual other than the attendee) and should be classified and reconciled as a “**non-travel**” item. Reconciliation must be completed by the 27th of the month following the payment, regardless of the conference date.
 - The traveler attending the conference must submit a travel request in Concur and provide the Request ID number to the person responsible for making the payment on their behalf. This Request ID number should be included in the comments section of the card reconciliation for the Cardholder who paid for the conference on behalf of another individual.

Supply Expenses (non-Travel purchases) Reconciliation

Submit a monthly reconciliation report for all supply purchases as they appear on your Concur dashboard.

PROPER RECEIPTS

Having a receipt with the elements below ensures that both the buyer and the seller have a clear record of the transaction. It also facilitates proper documentation for accounting and financial record-keeping purposes.

Proper Receipts or Invoices

A proper receipt serves as evidence of a financial transaction and typically includes essential details. A standard receipt should generally contain the following elements:

- **Business Name and Information:** Clearly states the name, address, and contact information of the business.
- **Transaction Details:** Specifies the date of the transaction, along with a unique transaction or receipt number for reference.
- **Description of Purchase:** Clearly outlines the items purchased, including quantities and unit prices. Receipts must be itemized.
- **Payment Information:** Indicates the total amount paid, the currency used, and any applicable taxes or fees.
- **Payment Method:** Specifies the method of payment, such as cash, credit card, or other forms of payment.
- **Seller's Signature or Stamp:** In some cases, a signature or stamp from the seller or authorized representative may be included for authentication.
- **Terms and Conditions:** Any relevant terms and conditions, return policies, or warranty information may be provided.

Legibility of Receipts

It is crucial that receipts are legible for accurate record-keeping. When taking photographs of receipts, ensure that they are clear and in focus. Additionally, be mindful of thermal receipts, as they can be sensitive to heat, moisture or adhesive tape, which may render them illegible.

To ensure the legibility of receipts, cardholders should confirm that the receipt they receive is printed clearly. If the receipt is unclear at the point of purchase, they should request a reprint from the retailer.

LOST OR MISSING RECEIPTS

In the event of lost or missing receipts, the Cardholder is required to promptly request a duplicate receipt from the merchant. Should it prove impossible to obtain a copy before the statement due date, the cardholder must then fill out a Lost Receipt Affidavit. This form necessitates the Cardholder's signature and approval from their designated Approving Official. Subsequently, the completed form must be submitted along with the reconciliation statement.

It's crucial to note that despite the submission of the Lost Receipt Affidavit, the Cardholder remains responsible for the missing itemized receipt and should perform their utmost to secure a copy of the missing receipt, even after the fact. If later, the original receipt is located, it should be submitted to the Corporate Card Specialist or Travel department for inclusion in the reconciliation.

The Lost Receipt Affidavit functions as a provisional solution in cases where a receipt is untraceable; however, it is essential to emphasize that this affidavit should not serve as a substitute for the primary objective of obtaining and submitting the original receipt for inclusion in the organizational record.

Routine use of the Lost Receipt Affidavit may result in suspension of a cardholder account.

Lost Receipt Affidavit Form: <https://www.csusb.edu/accounts-payable/forms-documents>

Avoid Lost Receipts, Use Digital Capture

Note that the Concur application allows for the digital capture of receipts. Cardholders can capture their receipts using their mobile devices by taking photos of their paper receipts. This prevents paper receipts from being lost. For information about using Concur to capture receipts, please visit the Travel website here: <https://www.csusb.edu/travel/concur>

DISPUTED AND FRAUDULENT CHARGES

Disputed Charges

The cardholder is responsible for resolving and documenting all disputes directly with the merchant and/or US Bank. If an unrecognized or duplicate charge appears on the cardholder's account, or if the amount differs from the receipt(s), the cardholder should first contact the merchant. If the merchant acknowledges the error, they will issue a credit adjustment to the account. Both the cardholder and the approving official must track and verify the credit adjustment.

If the merchant does not agree to an adjustment, the cardholder must dispute the charge by contacting US Bank Card Member Services at 800-344-5696. The cardholder may be required to provide additional information to support the dispute.

Important: Disputes must be initiated within 60 days of the charge being posted to your Concur dashboard. Failure to dispute within this timeframe will result in the charge becoming payable.

Fraudulent Charges

If the cardholder identifies fraudulent charges, they must immediately contact US Bank Customer Service at 800-344-5696 and provide any supporting documentation during their monthly reconciliation in Concur. US Bank will close the account and issue a new card. **The bank will also send a Statement of Fraud affidavit (SOF), which the cardholder must complete within ten (10) calendar days to report the fraudulent charges.**

Once the completed affidavit is submitted, US Bank will credit the account for the fraudulent charges and conduct a further investigation with the merchant to verify the claim. The cardholder should reconcile the credit by applying it to the same chartfield account used for the original charges, ensuring that the debit and credit offset each other.

CREDIT LIMITS, REQUESTING LIMIT CHANGES

Corporate Card Credit Limit Tiers

Credit limits on corporate cards help protect against fraud by limiting the amount that can be charged if the card is compromised. They minimize potential losses, trigger alerts for unusual spending, and prevent large unauthorized purchases. Limits also encourage regular oversight, helping to detect fraud early and reduce its impact.

The following limits are designed to accommodate various business needs while ensuring responsible spending practices. Please note the following standard tiers:

- **Fuel Only** (Fleet Vehicles Only): \$500.00 with a \$150.00 per transaction limit
- **Tier 1:** \$3,000 per month with a \$1,500 per transaction limit
This is the default limit for new cardholders
- **Tier 2:** \$5,000 per month with a \$2,500 per transaction limit
- **Tier 3:** \$10,000 per month with a \$3,500 per transaction limit

By default, all cardholders other than “Fuel Only” will begin at tier one outlined above. After three months of timely reconciliations and adherence to the Corporate Card Handbook, cardholders may be eligible for consideration for an upgrade to the next limit tier based on their usage patterns and reconciliation history. It is important to emphasize that upgrades to the next tier are not guaranteed and will be subject to review and authorization.

Any such requests should be submitted through Concur, following the tutorial located here: <https://www.csusb.edu/travel/concur>

Please navigate to the Corporate Card Tutorials heading and choose the “CSUSB Corporate Card Application Tutorial” for assistance.

Provisional Credit Limit Authorization

The Executive Director of Procurement and Chief Procurement Officer (CPO) shall have the authority, at their discretion, to grant exceptions for higher or unusual credit limits when deemed necessary to support the operational needs of the campus. This may include, but is not limited to, departments such as Emergency Services or those with specialized requirements that exceed standard credit limits. Any such exceptions will be reviewed on a case-by-case basis and must align with institutional policies and objectives and may require additional justification or documentation as part of the approval process.

Increasing Limits:

- Upon the successful submission of a minimum of three (3) acceptable monthly reconciliation reports, a Cardholder becomes eligible to request an increase in their credit limit(s) through the Concur portal. This request should include a comprehensive justification along with any supplementary documents that substantiate the necessity for the limit increases. Additionally, the cardholder is required to specify whether the increase request is intended to be temporary or permanent in nature.

- Approval for such credit limit increases is contingent upon factors such as the department's demonstrated need for additional credit. It's important to note that increases may not be sanctioned in cases of low account activity or instances where the cardholder has failed to adhere to stipulated rules and guidelines. The request process ensures a thorough evaluation, aligning credit adjustments with genuine organizational requirements and responsible card usage.

As a reminder, the Corporate Card is intended for low-value, low-risk transactions. Seeking high credit limits contradicts this purpose. There are standard purchasing methods in place for large dollar purchases. Seek assistance from the Corporate Card Specialist. Corporate Card email: corporatecard@csusb.edu

Decreasing Limits:

A cardholder may decrease their credit limits by requesting a decrease in credit through the Concur portal. This can be beneficial for several reasons. Unnecessary lines of credit can be an audit flag. Maintaining proper limits contributes to prudent financial management and risk mitigation within the program.

- Reduced credit limits can serve as an effective cost control measure.
- Reduces exposure to fraudulent activities or misuse of the corporate card, as there is a lower ceiling for unauthorized transactions.
- Enforcing lower credit limits encourages adherence to budgetary constraints. It prompts cardholders to prioritize and make judicious decisions when it comes to spending on business-related expenses.
- Decreasing credit limits aligns with effective cash flow management. It ensures that funds are available for essential business needs while minimizing the risk of tying up excessive capital in non-essential or discretionary spending.
- Lower limits encourage responsible card use by requiring cardholders to prioritize essential expenses and seek approval for higher amounts, fostering a culture of financial responsibility.

Cardholders may visit the Travel website for the CSUSB Corporate Card Application Tutorial located here: <https://www.csusb.edu/travel/concur>

Please navigate to the Corporate Card Tutorials heading and choose the “CSUSB Corporate Card Application Tutorial” for assistance.

Dormant Cards and Unused Credit Lines

To reduce fraud risk associated with unused corporate cards, credit limits for cards that have been inactive for an extended period may be lowered. Cardholders will be informed of any changes to their credit limits, ensuring transparency and allowing for an adjustment period. This proactive measure is designed to safeguard both cardholders and the institution by minimizing potential exposure to fraudulent activity on accounts that are rarely or never used.

NAME CHANGES

The Cardholder's name in Concur is a direct feed from Human Resources. If your name has changed, you will need to reach out to Human Resources to update your information, which will then feed directly to Concur.

To order a replacement card with your new name, enter a request via the Concur portal.

Cardholders may visit the Travel website for the CSUSB Corporate Card Application Tutorial located here: <https://www.csusb.edu/travel/concur>

Please navigate to the Corporate Card Tutorials heading and choose the "CSUSB Corporate Card Application Tutorial" for assistance.

EXCEPTIONS

Under certain circumstances, the Corporate Card Specialist may approve requests for an exception to these guidelines. These requests should be made in writing (via email) to the Corporate Card Specialist. Requests must come from the Approving Official and must fully explain the reasons why the exception is being requested. Additional documentation may be requested by the Corporate Card Specialist. Corporate Card email: corporatecard@csusb.edu

LOST OR STOLEN CARDS, DAMAGED CARD REPLACEMENT

Lost or Stolen Cards

In the event a Corporate Card is lost or stolen, the cardholder must immediately notify both US Bank at 800-344-5696 and the Corporate Card Specialist. Prompt reporting of a lost, stolen, or misplaced card is critical. Failure to notify US Bank in a timely manner may result in the suspension of cardholder privileges and could expose CSUSB to liability for any fraudulent charges. Upon notification, the bank will close the account and issue a new card to the cardholder.

Damaged Card Replacement

The cardholder should request a replacement card through US Bank at 800-344-5696

- US Bank will order a replacement card that will be delivered to the Procurement Department.
- The Cardholder must return the worn out/damaged card to the Corporate Card Specialist to be destroyed.
- The Cardholder will be notified to pick up the replacement card from the Corporate Card Specialist.

The Cardholder will activate the new card following the instructions provided with the new card.

Cardholders may visit the Travel website for the CSUSB Corporate Card Application Tutorial located here: <https://www.csusb.edu/travel/concur>

Please navigate to the Corporate Card Tutorials heading and choose the "CSUSB Corporate Card Application Tutorial" for assistance.

CANCELING A CARD, TEMPORARY LEAVE, END OF EMPLOYMENT

Canceling a Card

Before terminating employment, taking leave or any extended absence, Corporate Cardholders must ensure that all outstanding charges are fully reconciled. Failure to do so may result in any unreconciled expenses being reported as part of your tax liability on your W-2. Please complete your corporate card reconciliation prior to your departure to avoid any complications. Please submit all cancellation and temporary leave requests directly through Concur.

- The Cardholder will complete the “*Change in Cardholder Information*” section in Concur.
- The Cardholder must return the old card to the Corporate Card Specialist.
- The Corporate Card Specialist will follow established procedures for properly destroying canceled cards.

Temporary Leave

If the cardholder is going to be on a temporary leave, sabbatical, or away from campus for an extended length of time, please notify the Corporate Card Specialist via a Concur request. The Corporate Card will be suspended until the Cardholder returns.

Cardholders may visit the Travel website for the CSUSB Corporate Card Application Tutorial located here: <https://www.csusb.edu/travel/concur>

Please navigate to the Corporate Card Tutorials heading and choose the “CSUSB Corporate Card Application Tutorial” for assistance.

End of Employment

When employment ends with CSUSB, Human Resources notifies the Corporate Card Specialist of the employee separation. The Corporate Card Specialist shall cancel the card immediately upon notification. The Cardholder must reconcile their remaining expenses prior to departure from campus. Alternatively, a department delegate may reconcile charges for an employee who has left campus.

A Cardholder who fraudulently uses the Corporate Card after separation from employment may be subject to legal action.

- Web: <https://www.csusb.edu/accounts-payable>
- Main Phone: 909-537-5155
- Email: travel@csusb.edu

PROHIBITED AND RESTRICTED PURCHASES

A prohibited purchase refers to any acquisition or expense that is not permitted under the Corporate Card program. These restrictions may arise due to legal requirements, ethical considerations, policy limitations, tax reporting obligations, or the need to coordinate multiple university policies, making such purchases unsuitable for the Corporate Card.

However, a prohibited Corporate Card purchase does not mean the university cannot acquire those items. In such cases, a formal Purchase Order is required. For assistance with purchasing items that are prohibited on the Corporate Card, contact the Procurement and Contracts office.

Restricted Purchases

Restricted purchases are those that may be permitted on a case-by-case basis or for specific business units, departments, or individual cardholders. For guidance, contact the Corporate Card Specialist and refer to the matrix provided in this guide.

Prohibited Purchases

Prohibited purchases are defined as items that cannot be made using the Corporate Card. If you're unsure whether a purchase is allowed, consult the Corporate Card Specialist for guidance before proceeding. Refer to the matrix in this guide for clarification.

Prohibited and Restricted Matrix – Commodity-Based List, Department-Based Listing

This section organizes restrictions by specific commodities, setting uniform guidelines that apply to all business units across the board. In contrast, the Department-Based Listing tailors purchasing guidelines to individual departments, allowing for a broader range of allowable purchases that reflect each department’s unique funding sources and status.

Documentation Requirements for Approved Purchases

Certain approved purchases may require additional documentation to be included with the card reconciliation. For example, when purchasing chemicals, preauthorization from Environmental Health and Safety is required. Once obtained, the authorization should be attached to the reconciliation to validate the transaction. These requirements are also outlined in the matrix in this guide.

The following purchases have special requirements. These include, but not limited to the following:

- Advertisements - Marketing and Communications approval may be required.
- Catering – Hospitality requirements must be followed.
- Chemicals – Preauthorization is required from Environmental Health and Safety.
- Promotional Items – Hospitality requirements must be followed.
- Sole Source/Brand Purchases – Seek assistance from the Procurement Office.

Prohibited and Restricted Matrix – Commodity Based List

This section organizes restrictions by specific commodities, setting uniform guidelines that apply to all business units across the board.
