RESIDENTIAL EDUCATION STAFF

AREA COORDINATOR (ACORE)

Area Coordinators of Residential Education (ACOREs) are full-time professional staff with intensive training and education on student development and an understanding of issues facing college students. ACOREs live on campus amongst the residents to serve as a direct professional resource. ACOREs are available to help with concerns, to answer questions, and to assist with accessing campus resources. In addition, ACOREs directly oversee RAs, advise Village Council, and address issues that arise within their respective Village communities. ACOREs also follow up on housing related student conduct or behavioral concerns. Please see the DHRE website for your Village ACORE's contact information.

LEADERSHIP COORDINATOR

The Leadership Coordinator provides leadership for and has administrative oversight of student leadership and engagement initiatives in residential education, such as Student Leader Selection and Training. The Leadership Coordinator is a live-in professional and serves as part of the Residential Education team and plays a crucial role in: development and administration of community initiatives; crisis management; student leadership; academic success; student mentorship; and staff development.

STUDENT COORDINATOR

Student Coordinators (SCs) assist the Area Coordinators (ACORE) with management of their respective village and take leadership role with the student leader team. In addition to providing leadership and support to the student leader team, SCs provide another layer of support and community building for residents and assist the ACOREs with internal processes.

RESIDENT ASSISTANT (RA)

Resident Assistants (RAs) are CSUSB students who live on each floor or wing of the residential communities and are trained to support residents and build community. RAs are available to listen to your concerns and help you seek additional help when necessary. In addition, RAs serve as facilitators for community building, academic success, and regularly planned programs for the residents in their respective communities. RAs are also responsible for assisting in emergency situations and addressing potential policy violations or community concerns.

ACADEMIC MENTOR (AM)

Academic Mentors (AMs) are CSUSB students who have been academically successful at CSUSB and are prepared to support residents' academic success. AMs are available to meet 1-on-1 with residents, hold weekly office hours, provide academic outreach, and regularly plan academic programming to support residents building success skills and accessing resources.

FACULTY IN RESIDENCE (FIR)

Faculty in Residence (FIR) are CSUSB faculty members who are invested in directly supporting students' residential experiences. FIRs live on-campus, forming strong connections with residents, while serving as important academic and professional resource available to meet 1-on-1 with residents and hosting weekly community hours. FIRs are here to bridge the classroom experience by organizing and implementing community events, serving as a model and mentor to residents, and facilitating the connection of campus faculty colleagues to residential students.

COMMUNITY STUDENT LEADERSHIP

RESIDENCE HALLS ASSOCIATION (RHA)

The Residence Halls Association (RHA) is the governing body for all CSUSB residents. RHA provides leadership opportunities for residential students and a venue for students to voice their needs and concerns on a departmental, campus, and national level. RHA is a great opportunity for students interested in promoting community development, hall pride, and being a voice for residents. CSUSB's RHA is an affiliate of NACURH, within the PACURH region. See the RHA website for additional information: <https://www.csusb.edu/housing/life-campus/residence-halls-association>

VILLAGE COUNCIL (VC)

Village Council is a voluntary opportunity for residents to lead within their communities. Residents may join their community's Village Council to plan social community events, assist residents in creating a positive living environment and advocate for community and resident needs. Village Council is governed by the Residence Hall Association and receives guidance from the RHA Executive Board and their ACORE advisors. See the Village Councils website for more information: <https://www.csusb.edu/housing/life-campus/residence-halls-association/village-council>

EMERGENCIES AND RESOURCES

GENERAL INFORMATION

If a student encounters an emergency or needs immediate medical attention, please contact University Police at (909) 537-5165, (909) 537-7777, or 911. If there is an immediate need that does not require the police or the fire department (lock-out, noise complaint, etc.), contact a Student Leader (SL) duty number for assistance.

Community	Student Leader Duty number
Arrowhead Village	(909) 772-2079
Coyote Village and AV Building 2	(909) 273-4513
University Village	(909) 322-0376

PERSONAL SAFETY AND HEALTH

Taking responsibility for personal safety and health is imperative in our communities. The following are examples of how residents can help keep their communities safe:

- Carry your room/apartment keys and Coyote ID card (or digital ID card) at all times.
- DO NOT prop exterior doors
- DO NOT let others walk into buildings behind you and report if someone attempts to follow you into a building.
- Lock your doors at all times! If you live in University Village, make sure your patio door is locked
- Report any non-locking doors and/or windows to DHRE staff or the SL On Duty immediately
- Report unsafe or suspicious items or persons to University Police directly and immediately
- Be aware of locations of blue emergency lights

It is residents' responsibility to keep their own personal living space in a sanitary condition and to adhere to health and safety standards in shared spaces. As per the Housing License Agreement, residents are required to maintain sanitary living spaces and DHRE staff retain the right to conduct health and safety inspections of all living spaces. On-campus residents must also comply with health and safety orders, ordinances, policies, regulations, and guidance adopted by the University or DHRE as it relates to COVID-19 and other communicable diseases. This guidance may evolve as circumstances warrant. Failure to comply with any

health and safety measures or specific terms and provisions could result in termination of the Student Housing License Agreement and/or University disciplinary action.

Emergency Alert System

CSUSB utilizes an emergency messaging system that can simultaneously send alerts to phones, email addresses, text/SMS, and TTY/TDD devices. It is used only for emergency communication purposes and for occasional announcements that could be of interest to all or specific parts of the campus community.

All faculty, staff and students are automatically enrolled to receive emergency messages, but please log into MyCoyote to confirm your data. Please provide accurate contact information, including a cell phone, so the university will have more ways to reach you in the event of an emergency.

UNIVERSITY POLICE

Residents' safety and security in housing and around campus is important. The Department of Housing and Residential Education, in coordination with the University Police Department (UPD), works to provide a safe and healthy living environment for all students.

The phone number for University Police is (909) 537-5165 or (909) 537-7777 (non-emergency). All residents are encouraged to program the number into their cell phones for faster response in emergency situations. For more information about police services, visit the University Police website at www.csusb.edu/police. You may also read the complete Annual Safety and Security Report online: <https://www.csusb.edu/police/annual-security-reports>

Community Service Officers

The Community Service Officer program provides personal safety escorts and monitors the campus and housing community. To request an escort from a trained student CSO, please call University Police at (909) 537-7777 shortly before your desired departure time.

BLUE LIGHT PHONES

Emergency blue light phones are located throughout the University grounds. They are easy to spot and instantly link callers to University Police. There are more than 70 emergency blue light phones located throughout the entire CSUSB campus.

SECURITY CAMERAS

Closed Circuit Television (CCTV) camera systems are in select areas of the residential communities, such as entrances/exits of buildings. The CCTV system is not a surveillance program, there is no one continuously viewing camera transmission. Instead, the CCTV system provides an electronic record used to investigate incidents.

HEALTH AND SAFETY CHECKS

DHRE staff periodically check public areas and student rooms for health, fire, and safety hazards as well as needed repairs. In addition, health and safety checks of all student rooms are conducted up to twice per year (once per semester). Residents will be given advance notice of these inspections as they require entry into student rooms. Following an inspection, communication will be left in students' rooms detailing the findings of the inspection and informing the student of any violations of DHRE Policies and/or the Student Housing License Agreement that need to be addressed. Violations found during inspections could result in

administrative action, and failure to comply with addressing violations found during a Health and Safety Inspection may result in additional administrative/disciplinary action.

Note: The State Fire Marshal may conduct independent random inspections of resident spaces per state mandate.

ALARMS AND EVACUATION PROCEDURES

Any time that a building fire alarm is activated, all individuals in the building must evacuate. This includes real fires, fire drills, and false alarm activations. Residents must be aware of their surroundings and cognizant of safety needs while evacuating, at the evacuation site, and while re-entering the building. DHRE will hold one fire drill per semester to ensure residents are aware of and have practiced proper fire alarm response.

Tampering with fire safety equipment is a violation of policy and state law and will result in fines and disciplinary action (see “Policies and Regulations” section). Sprinklers and smoke detectors can be sensitive, students should be mindful to prevent unnecessary alarm activation.

- Do not hang items from sprinklers
- Smoke detectors are battery operated; detector batteries may not be removed.
- When batteries are low, the detector will emit a periodic beeping sound. If this happens, submit a work order to have the battery replaced immediately.

POWER OUTAGE

Southern California Edison Power (SCE) implements Public Safety Power Shutoffs (PSPS) events when there are potentially dangerous weather conditions in wildfire-prone areas. During these events, SCE proactively turns off power in high fire risk areas to reduce the threat of wildfires. The CSUSB campus, including on-campus housing, had several PSPS events since fall 2019 and we encourage all residents to plan of the potential for loss of power on campus. SCE has completed mitigation efforts to minimize PSPS events to campus and the local community, to learn more please see the following SCE webpage:

<https://www.sce.com/wildfire/wildfire-mitigation-efforts>

Critical information for residents regarding preparation for Public Safety Power Shutoffs can be found at the following link: <https://www.csusb.edu/housing/public-safety-power-shutoff-events>

This contact is confidential and strictly used for missing person purposes only. This is a separate contact from their emergency contact but may be the same person. DHRE will maintain each student's missing person contact(s) until the student changes the contact(s); it is the student's responsibility to update their missing person contact information. TITLE IX NOTICE OF NON-DISCRIMINATION ON THE BASIS OF GENDER OR SEX

The California State University does not discriminate on the basis of gender, which includes sex and gender identity or expression, or sexual orientation in its education programs or activities. Title IX of the Education Amendments of 1972, and certain other federal and state laws, prohibit discrimination on the basis of gender or sexual orientation in employment, as well as in all education programs and activities operated by the University (both on and off campus). The protection against discrimination on the basis of gender or sexual orientation includes sex-based harassment, sexual misconduct, and gender based dating and domestic violence and stalking.

WHAT IS TITLE IX?

Title IX is a federal law that applies to educational institutions receiving federal financial assistance and prohibits discrimination on the basis of sex in an educational institution's programs or activities, including employment, academic, educational, extracurricular and athletic activities (both on and off Campus). Title IX protects all people regardless of their Gender, Sexual Orientation, or Gender Identity or Expression, from Sex Discrimination, including Sex-based Harassment, Sexual Misconduct, Dating or Domestic Violence, or Stalking, which are forms of Sex Discrimination.

SEX-BASED HARASSMENT

This is unwelcome verbal, nonverbal or physical conduct of a sexual nature that includes but is not limited to sexual advances, requests for sexual favors, and any other conduct of a sexual nature, where the conduct is explicitly or implicitly used as the basis for certain decisions or could create an intimidating, hostile or offensive environment. While relationships may begin as consensual, they may evolve into situations that lead to sexual harassment or sexual misconduct, including dating or domestic violence, or stalking.

SEXUAL MISCONDUCT

All sexual activity must be based on affirmative consent. Engaging in any sexual activity without first obtaining affirmative consent to the specific activity is sexual misconduct, whether or not the conduct violates any civil or criminal law. Sexual activity includes, but is not limited to, kissing, touching intimate body parts, fondling, intercourse, penetration of any body part and oral sex. It also includes any unwelcome physical sexual acts, such as unwelcome sexual touching, sexual assault, sexual battery, rape and dating violence. When based on gender, domestic violence and stalking also constitute sexual misconduct. Sexual misconduct may include using physical force, violence, threat, or intimidation, ignoring the objections of the other person, causing the other person's intoxication or incapacitation through the use of drugs or alcohol, or taking advantage of the other person's incapacitation (including voluntary intoxication) to engage in sexual activity.

DATING VIOLENCE

This is abuse committed by a person who is or has been in a social or dating relationship of a romantic or intimate nature with the victim. This may include someone the victim just met, i.e., at a party, introduced through a friend, or on a social networking website. For purposes of this definition, "abuse" means intentionally or recklessly causing or attempting to cause bodily injury or placing another person in reasonable apprehension of imminent serious bodily injury to him/herself, or another. Abuse does not include non-physical, emotional distress or injury.

DOMESTIC VIOLENCE

This is abuse committed against someone who is a current or former spouse; current or former cohabitant; someone with whom the abuser has a child; someone with whom the abuser has or had a dating or engagement relationship; or a person similarly situated under California domestic or family violence law. Cohabitant means two unrelated persons living together for a substantial period of time, resulting in some permanency of relationship. It does not include roommates who do not have a romantic, intimate, or sexual relationship. For purposes of this definition, "abuse" means intentionally or recklessly causing or attempting to cause bodily injury or placing another person in reasonable apprehension of imminent serious bodily injury to himself or herself, or another. Abuse does not include non-physical, emotional distress or injury.

STALKING

This means engaging in a repeated course of conduct directed at a specific person that would cause a reasonable person to fear for his/her or others' safety or to suffer substantial emotional distress. It is a pattern of behavior that makes one feel afraid, nervous, harassed or in danger. It may be when someone repeatedly contacts a specific person, follows them, sends things, talks to them when they don't want them to, or threatens them.

Affirmative Consent Is Key!

If someone has been sexual with you without your consent, or if you have ever felt coerced or forced into having sex, you are not alone. Sex without consent is sexual assault.

When Should You Ask for Consent?

Ask before you act! It is the responsibility of the person initiating a sex act to obtain affirmative consent. Whenever you are unsure if consent has been given, you need to ask. Check-with your partner. Also, a person has the right to change his/ her mind anywhere in the process.

How Do You Ask for Consent?

Consent is about getting a clear answer. It can also be understanding what your partner is feeling. Pay attention to verbal, non-verbal and physical responses.

Consent Is Not Silence or Passivity

Don't make assumptions about consent. If an individual feels pressured, uncertain, or is having difficulty communicating and is afraid of how his/her partner may react to a "NO" response, then it is not freely given, so it's not affirmative consent. Remember: If someone is incapacitated by alcohol or drugs, s/he is unable to give valid consent to sexual activity. A minor under 18 is legally incapable of giving consent.

Reporting Sexual Misconduct and Filing Complaints: What to Report?

All allegations of sex discrimination, sexual harassment, sexual misconduct, dating or domestic violence, or stalking, on the basis of gender, which includes sex and gender identity or expression, or sexual orientation, which are made against students, faculty, staff, applicants or third parties associated with the campus, should be referred to the Title IX Coordinator.

If you would like to submit a complaint, or a concern, go to www.csusb.edu/title-ix and click on "File a Report" in the top right corner of the webpage, or you may email, call, or visit the Title IX Office (contact information below). You also have the option to file a complaint with the U.S. Department of Education, Office of Civil Rights, 800-421-3481 or ocr@ed.gov Please know that it is illegal to be retaliated against for reporting an incident or participating in an investigation.

CARE TEAM

The CARE Team receives, assesses, responds, and monitors behaviors on campus that are disruptive, poses a campus concern, or are threatening to self or others. CARE is a multidisciplinary team with membership representing many units of the University, whose purpose is to provide a centralized structure for the campus community for early intervention of at-risk individuals through collaboration and effective communication with campus departments, students, faculty, and staff. Individuals exhibiting behaviors that are of concern in relation to their personal, physical, and emotional well-being should be referred to the CARE Team. The CARE Team will review all information available on the individual's behavior and background to determine an appropriate action-plan and monitor the individual on a case-by-case basis.

The CARE Team will assess the referral and decide about a course of action to proceed in helping the individual and the campus community. If a crime is alleged, the police will investigate and, when appropriate, the student may be prosecuted. If a violation of the Student Code of Conduct is alleged, the student may be subject to disciplinary action. If it is assessed that the individual's presence on campus or participation in university activities may threaten campus health or safety, or significantly disrupt University activities or functions, immediate steps will be taken to protect the campus community.

CSUSB STUDENT CONDUCT POLICIES AND PROCEDURES

The Office of Student Conduct and Ethical Development is located in University Hall 346 and can be contacted via (909) 537-7172. The primary focus of the Student Conduct and Ethical Development Office is to administer the Student Conduct Code by educating students about their social and ethical responsibilities as members of the University community. The Office of Student Conduct and Ethical Development supports the core values of the CSUSB Division of Student Affairs: Student Success, Integrity, and Social Justice.

The Office of Student Conduct and Ethical Development is committed to maintaining a safe and healthy environment for students to engage in campus life, interact with diverse individuals and participate in activities that encourages growth, curiosity, and scholarly fulfillment. The office of Student Conduct and Ethical Development does this by maintaining two basic tenets:

- Students are afforded reasonable rights as productive individuals of the campus community to function in an environment conducive to learning and personal growth.
- It is the responsibility of every student to ensure that their actions do not interfere with someone else's right to be a productive individual on campus.

REPORTING AN INCIDENT

Any member of the campus community can submit an incident report if they are made aware of a violation of University policy or are concerned about a student’s behavior. A Student Conduct Administrator will determine if the matter should be referred to the disciplinary process for investigation.

Please contact the Student Conduct and Ethical Development Office at (909)537-7172 or stop by UH-346 to report any violations of the Student Conduct Code. Reports may also be submitted electronically via the following:

<https://cm.maxient.com/reportingform.php?CSUSanBernardino>

THE DISCIPLINE PROCESS

Students reported for an alleged violation of the Student Conduct Code will be sent a Notice of Investigation letter or a Notice of Conference Meeting letter, depending on the circumstances of the referral or incident report. In either case, students are instructed to schedule a meeting with a Student Conduct Administrator.

During the meeting, the student will have the opportunity to respond to any allegations and to share information relating to their involvement in the incident. If a student chooses to not participate, discipline proceedings can move forward to a resolution without their input.

Students may be accompanied by an advisor of their choosing to any meeting with a Student Conduct Administrator. However, an individual may not serve as an advisor if they are otherwise involved with the same discipline matter, and the advisor may not speak on behalf of the student.

Once the investigation into the incident is complete, the Student Conduct Administrator will determine whether a student is found responsible for a policy violation. If found responsible, the Student Conduct Administrator will offer the student the opportunity to resolve the matter via a Resolution Agreement. If the student does not accept the terms of the Resolution Agreement, the student may request a disciplinary hearing.

The disciplinary hearing is led by a Hearing Officer, who reviews evidence presented by the student and Student Conduct Administrator. The student and Student Conduct Administrator are also allowed to bring witnesses to testify. After the meeting has concluded, the Hearing Officer will submit a written report of findings and conclusions to the President's designee, along with any recommended sanctions. The President's designee will review the Hearing Officer's report and issue a final decision.

Possible Outcomes

If found responsible for a violation, possible outcomes of an administrative conference meeting or disciplinary hearing may include any or all of the following disciplinary sanctions:

- Restitution
- Loss of Financial Aid
- Educational and Remedial Sanctions
- Denial of Access to Campus or Persons
- Disciplinary Warning
- Disciplinary Probation
- Suspension
- Expulsion
- Restrictions on Admissions or Readmission
- Notation of Discipline on a student's transcript

STUDENT CODE OF CONDUCT

Members of the CSUSB community have the right to live, work, and learn in an environment free of unlawful discrimination. It is the policy of CSUSB that no student, employee, volunteer, member of the public, or recipient of services and/or benefits provided by CSUSB shall be subjected to any form of prohibited discrimination in any CSUSB programs or activities. The Coyote Village community also includes building 2, an apartment style community near Village Square. CV is comprised of double and single rooms with community restrooms (including single-use, gender neutral restrooms on each floor). As

individual rooms do not have kitchens, residents are required to purchase a meal plan through Yotie Eats. CV has a community kitchen and game room located in Running Springs.

University Village Center and Village Square will be open for general use during Front Desk hours and during scheduled programs and events. Coyote Village common spaces are available to residents 24/7, including lounges, study rooms, game room, and community kitchen.

VILLAGE FRONT DESKS

The village front desks provide services to residents such as lockout assistance, equipment checkouts, and assistance with housing-related questions and requests. Additionally, desk staff are helpful resources to answer questions and connect you with housing staff, such as your village's Area Coordinator and Student Coordinator. When desks are closed, residents should call the SL on Duty number to be connected with staff who can assist with issues such as lockouts, key issues, etc.

HOUSING PROCESSES

ROOMMATE ASSIGNMENTS

The Department of Housing and Residential Education coordinates room assignments for residents based on the information each student provides in their housing application. Every effort is made to accommodate the preferences of each individual student; however, we cannot always guarantee that your preference will be accommodated. Returning residents will have the opportunity to select their apartment-mates within the room selection process. If roommates/apartment-mates are not selected for all spaces in a room/apartment, housing will place residents into the available spaces based on information provided in the housing application.

ROOM CHANGE REQUESTS

Room and apartment changes will be made only under exceptional circumstances and if space is available. If a conflict arises within a living situation, all those involved are expected to make their best efforts to resolve the problem. Resident Assistants and Area Coordinators are available to assist residents with roommate issues. Housing reserves the right, as per the student housing license agreement, to temporarily or permanently relocate a student if deemed

necessary to resolve a conflict. If a student is experiencing exceptional circumstances and wishes to change their housing assignment, the following guidelines apply:

- Individuals experiencing roommate/apartment mate issues are encouraged to first talk to their roommate/apartment mate to resolve issues (and revisit Roommate/Apartment mate agreement).
- If roommates/apartment mates are unable to resolve concerns together, residents can communicate existing issues to their respective RA, and with their assistance, work toward a resolution (see “Roommate/Apartment Mate Relations” section).
- If at some point a room change is deemed necessary, the respective Area Coordinator for the village must approve all room change requests. To set up an appointment with your Area Coordinator, please contact them via email, found on the DHRE website: <https://www.csusb.edu/housing/meet-dhre-team>
- Unauthorized room changes are not permitted. Residents in violation of this policy will be required to move back to their original rooms and are subject to disciplinary action and/or financial assessments (see “Policies” section).
- Housing fees could increase, decrease, or remain the same based on location of new room assignment. A \$100 service fee will be assessed for all approved and unapproved room changes (for unapproved changes, see policy for fees).
- Any room changes will be done based on space availability and housing reserves the right to deny any room change request, as per the housing Terms and Conditions signed by each resident.

ROOMMATE/APARTMENT MATE RELATIONS

Roommate/Apartment mates are expected to discuss expectations of living together and complete a Roommate/Apartment Mate Agreement. By establishing ground rules early, roommates increase chances of having a positive experience and reduce roommate conflicts. By filling out the agreement, roommates agree to abide by the standards set in the agreement. Residents are encouraged to revisit their agreement when established standards can be changed to create a better living environment for everyone (the agreement can be edited when needed). If assistance is needed to handle a conflict, RAs and ACOEs are available to help. The Roommate/Apartment Mate Agreement will be handed out at the beginning of the semester and when a new roommate moves-in. Agreements must be returned to your RA once completed by all roommates within 2 weeks of receiving the agreement. Copies of the roommate/apartment agreement will be available by contacting your RA or Area Coordinator.

Tips for Success:

Coming to an agreement may involve compromise, so please be open and flexible, yet assertive about your own needs.

- Be open about your feelings and expectations of one another as roommates
- Take time to understand and get to know your roommate
- If conflicts arise, reflect on the standards that were set in the roommate agreement
- Discuss issues or concerns early, honestly, and respectfully to keep problems from growing
- Be willing to compromise when needed

Things you and your roommates/apartment mates should talk about include:

- Communication
- Maintaining health and safety
- Cleaning
- Sharing items/space
- Lifestyle, sleeping and studying hours

GENDER INCLUSIVE HOUSING

Gender Inclusive Housing (GIH) is intended to support transgender, gender variant, non-binary, and questioning students by providing non-binary housing options. In GIH, a student can live with any other student regardless of sex, gender, or gender identity/expression. As the intended purpose of GIH is to provide living options for students who do not feel comfortable in gender binary housing, preference for GIH spaces will be given to students who identify as transgender, gender variant, non-binary, and/or questioning.

The Department of Housing and Residential Education (DHRE) at California State University San Bernardino (CSUSB) values the diversity of its students, staff, and faculty and takes all efforts to promote dignity, respect, and inclusion among all residents. DHRE acts in concert with federal and state law, as well as California State University (CSU) and CSUSB policies and practices. Under CSU policy, no student on the basis of gender may be excluded from participation in or denied the benefits of any CSU program or activity, and all students have the right to participate free from discrimination, harassment and retaliation. Additionally, gender is defined as inclusive of one's gender identity and gender-related appearance and behavior regardless of assigned sex at birth. Within this framework, DHRE seeks to meet the needs of students of all gender identities/expressions in the best way possible. This includes addressing students' needs regarding accommodations and harassment complaints.

For more information: <https://www.csusb.edu/housing/getting-started/gender-inclusive-housing>

ACCOMMODATIONS

Contact the Office of Services to Students with Disabilities (SSD) if you anticipate that you will need an accommodation(s) for a disability. Some examples of housing accommodations include wheelchair accessibility, in-bedroom strobe for fire alarm, grab bars in the bathroom, and service or assistance animals.

You will need to submit an SSD Application for Services, which you can find on their website at www.csusb.edu/ssd or you can pick up a copy at their office. Depending on the nature of your disability, SSD may require you to submit documentation from a licensed healthcare provider.

You can reach SSD by calling (909) 537-5238, emailing ssd@csusb.edu or visiting the office in University Hall, Suite 183.

CANCELLATION REQUESTS

Your Student Housing License Agreement is a legally binding document, and all contract terms and conditions are strictly enforced. This information is intended as a summary. Please refer to the Student Housing License Agreement Terms and Conditions for exact contractual stipulations. <https://www.csusb.edu/housing/current-residents/resident-services/cancellation>

CHECKOUT

When students have been approved to move out, they must adhere to the checkout procedures found at <https://www.csusb.edu/housing/current-residents/resident-services/moving-out>

Academic year closing information will be shared with all residents during Spring Semester so they can prepare in advance for checking out of their academic year assignments.

Improper Checkout

Failure to comply with move-out procedures (i.e., moving out late or not returning keys in a timely manner) may result in an improper checkout charge of \$100.00, charges for any necessary re-keys, and/or cleaning /damage charges being billed to the student's account.

Mail Forwarding

It is critical that you change your address with all your providers, contacts, and friends. Housing and Residential Education is unable to forward mail delivered through USPS as of March 2020. **Online mail forwarding requests will give an “invalid, business address” error.** In addition, please update your address on MyCoyote. DHRE is not responsible for any mail left inside your mailbox.

GUIDE TO LIVING ON CAMPUS

ROOM CONDITION INVENTORY (RCI) & DAMAGES

Prior to move-in, your assigned room and/or apartment was verified for move-in condition. As part of the check-in procedure, it is your responsibility to document any pre-existing damage(s) by submitting the electronic Room Condition Inventory (RCI) form. The electronic RCI form must be submitted 5 days after your move-in. The RCI form can be found at the following link: https://csusb.az1.qualtrics.com/jfe/form/SV_1X0mp2m8xudRqKO

Housing property must not be removed from the room and/or apartment. You are financially responsible for any damages, losses and custodial issues resulting from your occupancy.

After students move out of housing, a staff member will inspect the resident room/apartment and note any new damages, including excessive trash or items left behind. Any damages beyond normal wear and tear identified at checkout and not previously indicated on the RCI form will be assumed to have occurred during the student's residency. The resident will receive a letter via email indicating charges associated with their check out. If no individual claims responsibility for damages in shared areas, all roommates/suite mates will be billed. (See “Community Damages” section). Charges will appear on the student's account.

DECORATING YOUR ROOM

Your room has been cleaned and repaired so that it is in good shape for you to move in. Save yourself additional charges by observing the following rules:

1. All residents are encouraged to use blue painter's tape for wall decorations.
2. Using nails, tacks, staples, or any other fasteners to hang pictures or posters on the walls is discouraged; using nails, tacks, or staples on room doors is not allowed.
3. Using 3M strips, glue, double-sided tape, “duct” tape, or “Scotch” tape is highly discouraged as these adhesives cause damage. Additionally, LED lights with an adhesive backing should not be affixed to walls or ceilings as they cause damage to the

surface(s). The use of adhesives which will not discolor or pull away the paint are permitted (permanent decals, stickers, etc.).

4. As per housing policy, posting personal materials in community bathrooms, hallways, public areas, or public-facing areas (windows, balconies) is prohibited.

Door decorations on internal facing doors should be posted in consideration of others. If decorations are deemed offensive and inappropriate for public areas, the resident may be asked to take them down or modify them. Exercise care when moving furniture and belongings in and around your room so as not to damage walls or carpeting.

ROOM TEMPERATURE AND THERMOSTATS

UNIVERSITY VILLAGE AND ARROWHEAD VILLAGE

University Village and Arrowhead Village apartments utilize an automatic digital programmable thermostat. The thermostats must be able to monitor the temperature properly and efficiently. It is a policy violation to place items that could cause a hazard near or over the thermostat, such as posters, lamps, computers, aquariums, televisions, or any type of heat generating device.

NOTE - University Village and Arrowhead Village apartment air filters are in the main common area (living room/kitchen). Although maintenance will clean and replace filters, it is the resident's responsibility to keep the air vents clear at all times.

COYOTE VILLAGE

Coyote Village residents should complete a maintenance request to request temperature changes. However, please be conscientious that the same heating and cooling unit connect all rooms in a wing. Because the heating and cooling systems operate by sensing the air temperature in your room, it is helpful to keep your windows closed on very warm and very cold days. Covering the vents will also affect the temperature in rooms, and vents should never be covered. Maintenance will clean and replace air filters; it is residents' responsibility to keep the air vents clean and clear at all times.

CSU Policy requires that buildings shall not be heated above 73° or cooled below 75°.

Tampering with this thermostat (i.e. placing lamps, candles, irons, or other heating sources on or by it) can result in immediate removal from housing and/or charges associated with replacement and repair. Damaging the unit and/or controls may result in charges to the resident. If you are having trouble with your air conditioning unit, please submit a maintenance request online at csusb.edu/housing or via the housing portal.

WINDOWS AND WINDOW SCREENS

Residents are responsible for window screens and window glass in their room/apartment. Window screens should be kept in place at all times. Removing or tearing holes in screens is not allowed and will result in charges. Throwing anything out of windows or at windows is a policy violation. Please see "Alteration of Premises" policy for additional details.

Windows and screens should be closed during high wind season as high winds can break windows. Residents assume full responsibility for damages and repairs to screens and/or glass damaged due to negligence of not closing windows during high winds.

KEYS AND LOCKOUTS

Always carry your keys with you and lock your door. Propping doors open, giving your key to friends/others, or keeping doors unlocked invites strangers into your residence, and is a violation of Housing policy (see “Policies and Regulations” section). If at any time your key is lost or stolen, residents should report it immediately to the Department of Housing and Residential Education. The cost for a new key card/access FOB for a room or apartment is minimum of \$35 per key card; the cost for a new bedroom key is a minimum of \$45 per key. Costs may increase depending on circumstances of key/key card lost, i.e., the number of keys that need to be made, if a lock change needs to occur, etc.).

Students will receive two “free” lockouts each year. Starting with the third lockout, a resident will be charged \$10 for each additional lockout. Any lockout charges will be billed to the student’s account at the end of each semester. If a student is locked out, they can go to the village front desk during desk hours or call the SL On Duty number for assistance. If a student has lost their key, they can go to the main DHRE office during business hours for replacement or call the SL On Duty number for assistance after hours.

MAINTENANCE AND CUSTODIAL

It is the goal of the Department of Housing and Residential Education to maintain each community in good condition for current and future residents. As maintenance and repair issues are brought to our attention, we will remedy them as promptly as possible. Custodial staff clean all common areas and community spaces, as well as Coyote Village restrooms (not individual rooms and apartments).

DHRE offers maintenance service 24 hours a day for emergencies only. Maintenance requests not classified as an emergency will be serviced within 2-3 days during normal business hours. For after-hour and weekend emergency maintenance related items, notify the SL On Duty for your respective Village. Maintenance emergencies may include any potential breach to building security, flooding, loss of central heating/cooling, loss of hot water and loss of electricity.

MAINTENANCE REQUESTS

If there is a maintenance issue in your room or apartment, please submit a maintenance request online at <https://www.csusb.edu/housing/current-residents/maintenance-requests>. Please contact your village Area Coordinator or the main DHRE office at (909) 537-4155 during normal operating hours if you have any questions. For after-hour and weekend emergency maintenance related items, notify the SL On Duty for your respective Village.

COMMUNITY DAMAGES

At the beginning of the academic year, an assessment is conducted of each public area. Any damage done to the community beyond normal wear and tear, which cannot be attributed to a specific person or persons, will be billed evenly among the residents of the suite, hall, or apartment depending on damage location. (See “Policies” section in this handbook).

TRASH AND RECYCLING

Residents are responsible for removing trash and recycling from their rooms and placing it in the appropriate disposal locations. Leaving trash in the hallways, suites, or suite bathrooms is not permissible and may result in charges being placed on student accounts. Coyote Village

residents can deposit individual trash in the “trash rooms” located inside their hall. Please contact your RA for specific locations.

Arrowhead Village and University Village residents must use outdoor receptacles located in the adjacent parking lots. Trash should not be stored in apartments, rooms, and/or balcony spaces. This may attract insects and animals, cause bad odors, and is a health hazard to you, roommates, and surrounding community members.

LAUNDRY FACILITIES

There are laundry rooms located in each village, with washers and dryers for resident use only:

- Coyote Village: In Running Springs next to the game room
- Arrowhead Village: A stand-alone facility between Building 2 and Village Square
- University Village: A room on each residential floor

DHRE will be working with a new laundry vendor mid-July 2024; details of machine use, cost, reporting issues will be added to the handbook once new vendor has confirmed information.

Cost per load of laundry*:

**Cost per load is subject to change by vendor and will be updated before 24-25 move-in*

Housing and Residential Education assumes no responsibility for items left in laundry rooms. Residents are responsible for being attentive to their belongings and removing any laundry in a timely manner. Laundry that remains in a laundry room will be removed by the custodial staff and stored for 30 days; items of value will be given to UPD. If you are missing an item, you can contact the main housing office at housing@csusb.edu, please include a detailed description of the item(s) you are missing and a timeline of when the item(s) was left in the laundry room.

MAIL AND PACKAGES

DHRE provides mail and package handling services to all students living on-campus. Mail and packages can ONLY be received at the DHRE mail room; village buildings or front desks cannot receive mail or packages directly. The mail room is located in Coyote Village (Cajon Hall) just across from the Coyote Village Front Desk. Once received, packages and other trackable mail are processed and can be picked up during posted mail room hours.

If a student wishes to receive non-trackable mail and flats (for example, magazines and newspapers), students can request a mailbox from the mail room (located in the Coyote Village breezeway across from the Coyote Village front desk). Mail will be distributed to assigned mailboxes. All non-trackable mail/flats are processed and delivered via the mail room the day they are received. CSUSB and DHRE are not responsible for lost or stolen items, condition of mail upon receipt, or delays in delivery or pick up. Please wait until you receive an email confirmation from DHRE that your package has arrived and been processed before you attempt to pick it up.

Mail Room

Location: Coyote Village (Cajon Hall)

Telephone: (909) 537-7153

CSUSB Housing Address

Proper addressing is imperative to ensure mail and packages are properly processed and quickly distributed to student residents. Please use the CSUSB Housing specific address format provided below for mail/packages (for all residential communities, including UV). Any packages delivered to locations other than the DHRE Mail Room are not the responsibility of DHRE.

FORMAT	EXAMPLE
{Your Name} 6000 University Pkwy. {Building & Room #} San Bernardino, CA 92407	Cody Coyote 6000 University Pkwy. Cajon 253 San Bernardino, CA 92407

Mail Security

All items received by the mail room are locked in a secured area designed for student packages and trackable mail. For optimal service, we highly recommend that packages and sensitive mail be sent via a shipper using a tracking number and requiring a signature (i.e., UPS, FedEx, or USPS Express Mail). It is recommended that any valuable items, such as computers and electronics, be insured for the value of the item. Neither California State University, San Bernardino nor the Department of Housing and Residential Education will be responsible for the condition of a package upon receipt. When picking up any mail each student is required to show their Coyote ID or some type of photo ID that matches the name on the package.

Amazon Locker

The campus Amazon Locker (BOBA) is available for use 24/7 or as determined by Amazon.

PARKING

Parking is enforced 24 hours a day, 7 days a week across campus by CSUSB Parking and Transportation Services. All residents must purchase a parking permit in order to park on campus. Residents have the option to purchase a resident pass, in lieu of a general pass, to park in resident reserved parking (along with general parking). Parking, including resident parking, is managed by CSUSB Parking and Transportation Services; please visit their site for more information: www.csusb.edu/parking

INTERNET

Wireless internet access is included as part of the telecommunication services provided to all students on campus. Devices will connect to either the 'Eduroam' or 'CSUSB-DEVICES' network depending on the device's capabilities.

Wired internet access within Housing bedroom spaces is available upon request. 1 port can be activated per student. Ethernet cables are not provided. Requests for port activation can be submitted in the Connect Device to Campus Network form (<https://www.csusb.edu/housing/life-campus/maintenance-and-technology-requests/connect-device-campus-network>) or to the CSUSB Technology Support Center directly with the information provided below.

All users in student housing are required to authenticate to gain access to the Internet. To gain access to the Internet for a wired connection, users will need to launch their preferred web browser to then be automatically redirected to an authentication service. Valid credentials for a wired connection are CoyoteID and MyCoyote password.

To gain access to the internet for a wireless internet connection, users will authenticate to the 'Eduroam' wireless network using CoyoteID@csusb.edu and MyCoyote password. For instructions please review this Eduroam Guide (<https://www.csusb.edu/sites/default/files/upload/file/EduroamGuide.pdf>) or visit the ITS link below for knowledgebase articles on wireless connections for campus.

Any requests, concerns or issues with the internet must be reported to Technology Support Center at (909) 537-7677 or support@csusb.edu. For more information on CSUSB Information Technology Services: <https://www.csusb.edu/its>

Residents cannot connect to the CSUSB campus networks with a personal router / hub, wireless extender, or wireless printer.

Residents should familiarize themselves with the Acceptable Use Policy for Electronic Communications at www.csusb.edu/policies prior to using these resources. Devices that disrupt the campus network are prohibited from being connected.

For a list of approved Housing devices please view our CSUSB Housing Device List (<https://www.csusb.edu/sites/default/files/HousingDevicesList.pdf>).

Connecting Smart TVs, Gaming Consoles and Media Streaming Devices

These device types cannot sign directly in to the CSUSB networks and need an additional configuration step to connect correctly.

For a wireless connection, these devices use the 'CSUSB-DEVICES' wireless network. For a wired connection, these devices plug directly into an activated network port within a bedroom space. An activation request for a wired port can be submitted as part of the Device request below.

To start the connection process, you must first fill out the Connect Device to Campus Network form (<https://www.csusb.edu/housing/life-campus/maintenance-and-technology-requests/connect-device-campus-network>). Please read the instructions and fill the form out completely. Click submit and wait to be contacted by the Technology Support Center.

If you have any questions regarding the necessary equipment, installation or you are having difficulty with your Coyote ID, password, or email please call (909) 537-7677.
