Follett Discover Faculty

Follett Discover is a powerful online tool that transforms the course materials discovery and adoption process for faculty and helps students obtain, organize and instantly access their required and recommended course materials from within your learning management system.

The purpose of this document is to give an overview on how to use and access some of the features within Follett Discover. Watch the Follett Discover demo videos at : https://follett.com/video/follett-discover-the-faculty-experience/

Getting Started – Follett Discover

To access Follett Discover:

- 1. Log in to your Learning Management System.
- 2. Look for the Follett Discover link or button to launch Follett Discover.

Follett Discover module within Blackboard.

Follett Discover

Upon launching Follett Discover, you are landed on the My Courses screen with your personalized courses for the upcoming term.

Submitting Adoptions

Discovering course materials is easy with Follett Discover. Just type in your **Subject** to start discovering new materials.

You can also use the global search in the upper right hand corner to **find course materials** & supplies by keyword, author, title or 13 digit ISBN.

Select Term allows you to select between past terms, current terms and future terms. If adoptions are open, you can start adopting for any future terms that are available here.

Manage by Section allows you to submit and manage adoptions by individual section instead of at the course level.

Selecting the course header allows you to manage your adoptions, discover materials, upload your own content and leave a message for your students within each specific course.

Share allows you to email a copy of your adopted materials.

Viewing Course Materials

The course material details page displays information including the description, table of contents, lowest price available to your students and availability options such as rental or digital.

Scrolling down you will see neighboring institutions who have adopted this material, related items

from this publisher, materials that other instructors adopted

To adopt a material:

- 1. Select the material usage
- 2. Click Adopt to submit.
