# Post-Graduate Certificate Program in Hospitality and Tourism Management

California State University, San Bernardino (CSUSB), ranked among the top universities for innovation and student diversity, is excited to offer its Post-Graduate Certificate (PGC) Program in Hospitality and Tourism Management (HTM).

This program equips students with new qualifications to upgrade their skills towards advancement, driving economic growth in local and national markets. Whether you're an aspiring hospitality and tourism professional or looking to advance into management and specialized roles, the PGC is your pathway to success.

### Fast and Flexible

Complete four 3-unit courses in just two semesters, designed for convenience and to fit your busy schedule.

### Growing Demand in Hospitality and Leadership

Gain real-world experience with industry experts.

### Pathway to MBA\*

PGC Program in HTM can be used as a pathway toward the Master of Business Administration (MBA) program.

### Optional Practical Training (OPT)

PGC students can use the federal Optional Practical Training (OPT) program to work for one year in the USA without any visa sponsorship.

\*The PGC Program in Hospitality and Tourism Management can be used as a pathway toward CSUSB's Master of Business Administration (MBA) program with an emphasis in hospitality management. Students who successfully complete their PGC program can apply their twelve (12) PGC credits to the MBA program. However, PGC graduates are **not automatically admitted to the MBA program**: they must apply separately to the program and meet its academic and other requirements.
