Welcome to the CSUSB Statistical Factbook!

**Our Mission:**

The Office of Institutional Research at California State University, San Bernardino collaborates with the campus community in support of strategic planning, enrollment planning, assessment, and continuous improvement through consultative program design and timely dissemination of reliable information. Campus dashboards for a general overview are available through our main page at [www.csusb.edu/institutional-research](http://www.csusb.edu/institutional-research). These tools were designed to put data in the hands of the campus community with self-study authors, Dean's Offices, department chairs, and grant writers in mind.

The Factbook reflects changes to statistical data reporting that occurred several years ago. Historically, a fulltime equivalent student (FTES) comprised 15 units per semester (30 per year). The year 2006-07 brought a differentiation for students in Master's programs for whom 12 units became one FTES. From Fall 2007- Fall 2015 a doctoral student advanced to candidacy was defined as one FTES regardless of the number of units. From Winter 2015 a doctoral students FTES is now calculated with the same guidelines as Master programs. The CSU System has also begun differentiating between California Residents and Non-Residents so a Residency distinction has been included on several tables. Also, majors in this Factbook are now reported as Academic Plan (local), rather than the traditional CSU Hegis majors, to make the Factbook relevant to colleges. Finally, Fall 2009 reflects a new coding of ethnicity mandated by the Federal government. While some tables provide historical statistics based on the current coding rules, most tables will reflect the definitions in effect at those past times.

Please note that Fall 2020 is the inaugural semester. As such, all data prior to Fall 2020 are based on the quarter system.

To save on paper and trees, the Factbook is provided only electronically.

If you have any questions, please feel free to contact Institutional Research directly.

## Enrollment by Ethnicity (Fall Terms)

**Note:** \* U.S. Census implemented a new way of classifying ethnicity. Fall 2009 reflects a transitional year in that Hispanic/Latino ethnicities were given counting preference over other ethnic categories in multi-racial classification. Beginning Fall 2010 the new federally mandated classifications were introduced.

	Fall Term Trends
